REPORT OF LIBRARY TRUSTEES.

Within the year our much talked about library has been started and has been open for the distribution of books seven weeks. We have 250 books, all of which we have purchased except 18 or 20 received from D. W. Burnham, formerly belonging to an old library association. Up to date 69 cards have been issued. We are now letting out over 50 books a week. We would urge the immediate need of more books. We have not succeeded as yet in obtaining the state books. They have been promised and we are in hopes we shall soon receive them.

REPORT OF SCHOOL BOARD.

In the treasurer's report will be found one item marked "Borrowed from School Fund." This is the explanation of that. It has been the custom heretofore for the selectmen to pay the bills for school supplies. The law is, "The School Board shall purchase at the expense of the town text books and other supplies required for use in the public schools." This year the selectmen refused to pay for the supplies. We then took counsel and found there were no funds available for that purpose. It now seemed to us the best way out of the difficulty was for us to borrow money and pay the bills. There was a surplus in the treasurer's hands. It seemed better to borrow from that surplus than go outside for the money. In the future a sum of money will have to be appropriated every year for that purpose.

Number of scholars not less than 5 years of age who have attended public school not less than 2 weeks,		120
Number of children reported by selectmen,	male,	61
